This exam is performed for the buyer and not the seller. The buyer should be aware that this examination does not encompass an in depth evaluation of the horse's temperament, ability, or aptitude for a particular discipline. It describes the horse's health and soundness on the day of examination. A routine pre-purchase examination may not reveal subtle unsoundnesses, especially if the horse has not been in hard/consistent work in the preceding months or was pre-medicated. The examination is not intended to be used as a prognosis for future health, soundness or a warranty for the horse's suitability for any particular future use or purpose. Please note this is not a "Pass or Fail" of the animal being examined. The determination by the buyer to purchase the animal examined is solely the buyer's choice and responsibility.
